SUBJ: PROCEDURE FOLLOWED  
TO DOCUMENT "**FOX 11 News**" STORIES

It is my responsibility to archive all information, and print out a weekly log to be placed in the FCC Programs and Issues Report. Here is the procedure I follow.

Throughout the day, video is edited for "on-air" presentation, and then is sent to a server in the Newsroom.

Each Newscast is titled on the server and the video used "on-air" is compiled onto an archive tape.

A log is created for each archive tape. This log includes information relating to the show, video title, and length of each piece.

The rundown for each newscast is opened and the following information is listed: archive tape number, length of video, format, (i.e. package, vo, vob, vosot), and a short description of the segment content.

This procedure must be done daily and in a timely manner to insure that video is retained and available for future use.

6/14/06 – FCC Quarterly Programs/Issues Report, Qtr. 2, 2006

LIVE White House Report from President Bush, given on Flag Day, 6/14/06, 8:45AM to 9:45am, in the Rose Garden, Washington DC., followed by questions from the Press.

President Bush presented remarks about his recent trip to Iraq. It was a pleasure to meet with Iraqi Prime Minister Maliki. Iraqi PM assured U.S. their govt. has a plan to succeed. U.S. will help new Iraqi govt. Security Operation in Baghdad started this morning. Success in Iraq depends upon Iraqi's themselves. Pres. Bush made this clear to them.

President Bush thanked U.S. troops fighting in Iraq. He said we have already sent a lot of troops home following their one-year duty, but he said our presence will continue. President said his job is to protect the American people from harm. Iraq is a large part of that job due to the terrorists there, but Iraq is not our entire threat. Al Qaeda's goal is to drive U.S. out of Iraq.

President Bush spoke of the events in Iraq leading up to and following al-Zakawi's death. He commended U.S. security forces for their efforts to apprehend terrorists.
